

JOB OFFER

Position in the project:	IRAP Project Leader/ Director
Scientific discipline:	Relevant fields such as: immunology, immunotherapy, translational studies, biochemical and cell biology, proteogenomics, bioinformatics, computational science, molecular biology
Job type (employment contract/stipend):	Employment contract
Number of job offers:	1
Remuneration/stipend amount/month ("X0 000 PLN of full remuneration cost, i.e. expected net salary at X 000 PLN"):	upon negotiations, up to max. 22 000 PLN/ month (gross), contract
Position starts on:	As soon as possible, latest 1 January 2022
Period of contract/stipend agreement:	5 years
Institution:	International Centre for Cancer Vaccine Science, University of Gdańsk, Poland
Project leaders:	Prof. Ted Hupp and Prof. Robin Fahraeus
Project title:	<i>International Centre for Cancer Vaccine Science Project is carried out within the International Research Agenda Programme of the Foundation for Polish Science co-funded from the European Regional Development Fund.</i>
Project description:	<p>The <i>International Centre for Cancer Vaccine Science (ICCVS)</i> is an innovative partnership between the University of Gdańsk and the University of Edinburgh addressing a major challenge in cancer medicine. The ICCVS has been established at the University of Gdańsk in 2017, supported by the Foundation for Polish Science. ICCVS aims to create a world-leading research cluster in the discovery, characterization and translation of molecular mechanisms in cancer immunological science. Focus is on conducting research programmes in the field of cancer science as applied to the immune interface. Discovery cancer science at ICCVS aims to be translated into vaccine technologies, drug discovery programmes, and novel therapeutics. ICCVS is a multidisciplinary research and technology centre that brings together core expertise in cancer immunology and immunotherapy, molecular, biochemical and cell biology, proteogenomics, bioinformatics, computational science, structural biology, synthetic biology and translational studies.</p> <p>www.iccvs.ug.edu.pl</p>

<p>Key responsibilities include:</p>	<p>The successful candidate</p> <ul style="list-style-type: none"> • will take over the duties of the director of the unit • will take over the responsibility for the execution and sustainability of the research programme specified in the ICCVS Research Agenda. Modifications of the research programme can be subject to changes after September 2022. • will take over the responsibilities of the Project Leader deriving from the grant agreement for the project: <i>“International Centre for Cancer Vaccine Science”</i> funded from 2017-2022 from ERDF by the Foundation for Polish Science. S/he will be responsible for the proper implementation of the project in line with all the provisions of the IRAP documentation and the IRAP grant agreement. https://www.fnp.org.pl/en/oferta/irap/ • will coordinate the work of all ICCVS groups for development on new anti-cancer strategy and novel approaches for cancer diagnostics and treatment monitoring. • will work towards securing sustainability of ICCVS beyond the current funding period (2022) by forming a strategy for acquiring a multi-source funding portfolio, and securing retention/ recruitment of staff and PhD students. • will build/lead his/her own research team at the Center
<p>Requirements:</p>	<p>The successful candidate should be a R3 or R4 researcher, exceptionally motivated, with a proven track record and solid knowledge and working experience in the relevant field. S/he should have experience in lab management, PhD student training, grant seizing, international training and networking experience, and/or industrial research and business collaboration.</p> <p><u>Mandatory formal requirements to participate:</u></p> <ol style="list-style-type: none"> 1. The appointed director has to be employed full-time in ICCVS at the University of Gdańsk. 2. The appointed director has to accept to live in Poland and to work on-site in Gdańsk. 3. The University of Gdańsk must be indicated as the primary employer in line with the Polish Law on Science and all regulations that may impact the granting of funding for the activities provided for in the Polish research subventions system. 4. The appointed director will also lead a research team at the institute as a principal investigator
<p>Required documents:</p>	<ol style="list-style-type: none"> 1. brief CV (up to 3 pages),

	<ol style="list-style-type: none"> 2. A list of the journals, associations, enterprises in which the candidate was reviewer/member of the editorial board or of the scientific committee. 3. A complete list of scientific publications in peer reviewed journals, as well as list of other publications (reviews, book, chapters). 4. list of key lectures or conference speeches delivered by the applicant in the years 2006-2016 at the invitation of hosts, giving the names of the hosts (up to 2 pages), (as per the form) 5. A statement letter with a brief description of no more than 10 key research and/or implementation achievements of the applicant during his/her career including the description of main publications and or discovery/patents (full articles and patents may be added in the annex). 6. list of key projects for which the applicant was granted funding in the last 10 years, indicating the institution providing the funding and its amount – (up to 2 pages), (as per the form). 7. Description of unique features of the applicant's achievements and expertise and their impact on the development of particular research/economic domains (up to 3 pages). 8. description of research management experience (e.g. administration of research units, membership of research councils, management of international research consortia (up to 2 pages). 9. description of experience in research-industry cooperation and of successful implementations (up to 2 pages). 10. A brief description of the vision of the candidate for the future development of the ICCVS (up to 2 pages).
We offer:	<ol style="list-style-type: none"> 1. The ICCVS provides an exceptional opportunity for motivated Research Leader to work in an international multidisciplinary environment to tackle major challenges at the interface between basic cancer discovery science and translational medicine and lead an international and interdisciplinary team. 2. The ICCVS provides access to state-of-the-art research facilities at the University of Gdańsk, incl. facilities for mass spectrometry, cell culture, virology, protein biochemistry, and vaccine technology. 3. The ICCVS will provide the appointed director a PI position in the center, and will help him/her to build his own research team.

Euraxess job/stipend offer (in case of PhD and postdoc positions):	https://www.euraxess.pl/jobs/664342

Please include in your offer:

“I consent to the processing of my personal data by the University of Gdańsk contained in the application documents for the needs necessary to carry out the recruitment procedure, including the competition for the position scientific employee in University of Gdańsk, International Centre for Cancer Vaccine Science, in accordance with the General Data Protection Regulation of 27 April 2016.

In addition, I declare that I have been informed of the possibility of withdrawing consent at any time and that its withdrawal does not affect the legality of the processing which was carried out on the basis of consent before its withdrawal.”

Information clause

In accordance with the General Data Protection Regulation of 27 April 2016 hereinafter referred to as GDPR, we inform that:

1. The Administrator of your personal data is the University of Gdansk with headquarters in (80-309) Gdańsk, ul. Jan Bażyńskiego 8.
2. The administrator of personal data has appointed the Data Protection Officer, which can be contacted on the phone number (58) 523 24 59 or e-mail address: poin@ug.edu.pl.
3. Your personal data will be processed in order to carry out the recruitment process for the position of scientific employee in University of Gdańsk, International Centre for Cancer Vaccine Science,
4. The legal basis for the processing of your personal data for the purposes of recruitment is art. 6 par. 1 lit. c GDPR – processing is necessary to fulfil the legal obligation incumbent on the administrator resulting in particular from art.118 a of the Law on Higher Education and art. 221 of the Act - Labor Code. A premise that legalizes the processing of personal data voluntarily provided by the candidate, going beyond the scope of data indicated in art. 221 of the Act - Labor Code will be art. 6 par. 1 lit. a GDPR - consent of the data subject.
5. Providing your personal data by yourself, after making a decision about joining the recruitment process is obligatory in the scope specified in art. 22¹ of the Labor Code and the Law on Higher Education and conditions the possibility of applying for employment and possible further employment. In the case of providing personal data going beyond the above law - providing your personal data by yourself is voluntary but it determines the possibility of participation in the recruitment process
6. Your personal data will be processed on behalf of the data controller by authorized employees only for the purposes referred to in par. 3.
7. Your personal data will be kept for the period necessary to achieve the objectives set out in paragraph. 3. In the case of a negative result of your recruitment, your data will be deleted immediately after the recruitment is completed, unless the law requires the archiving requirement within the specified scope - for the time specified in these provisions.
8. Your personal data will not be disclosed to third parties, except as provided for by law. In the case of submission of application documents by electronic means, the recipient of your data may be an entity acting on behalf of the administrator, ie an entity that is the operator of the postal service.
9. Under the rules laid down in the provisions of the GDPR, you are entitled to:
 - a. the right to access the personal data,
 - b. the right to rectify them when they are inconsistent with the real state,
 - c. the right to remove them, limit processing and transfer data - in cases provided for by law,
 - d. the right to object to data processing,

-
- e. the right to lodge a complaint to the supervisory body - the President of the Office for Personal Data Protection, when you think that the processing of your personal data violates the provisions on the protection of personal data.
