SEASON 1 EPISODE 4

# NATALIA SOWA-ROGOZIŃSKA

## **EXPLORING THE POTENTIAL OF CHICKEN EGGS: INNOVATIVE APPROACHES TO INFECTIONS REDUCTION**

*HOST: IWONA SKOROWSKA*

22 JANUARY 2024, 10.00 AM

ROOM 320, ICCVS, KŁADKI 24, GDAŃSK

**EVERYBODY IS WELCOME!**

**NATALIA  
SOWA-ROGOZIŃSKA**

Natalia Sowa-Rogozińska is by education a molecular biologist - she obtained her MSc in the Department of Biology at the University of Gdańsk, where she has started her PhD research on the role of the endoplasmic reticulum (ER) membrane channels in the transport of toxins to the cytosol. She is a co-author of several publications. Additionally, since 2020 she has been working at the Research and Development Department of the Salmonella Center, IMMUNOLAB Ltd. There she has been further developing her molecular biology knowledge and skills.
