**EVERYBODY IS WELCOME!**

**ANNA  
OLSZEWSKA**

Anna is an Assistant Professor at the Medical University of Gdańsk. She specializes in mitochondrial patch-clamp measurements and currently works on the influence of vitamin D on the mitochondria of healthy skin keratinocytes and squamous cell carcinoma with Prof. Michał Zmijewski. She obtained her Ph.D. at the Nencki Institute of Experimental Biology (Polish Academy of Science). She next gained her research experience at the University of Magdeburg and the University of Bonn.
