

SCIENCE, BIOTECH AND BEYOND

SEASON 1 EPISODE 6

KRZYSZTOF LIBEREK, PROF.

CHAPERONES IN PROTEIN DISAGGREGATION AND REFOLDING

HOST: ARTUR PIROG

11 MARCH 2024, 10.00 AM ROOM 320, ICCVS, KŁADKI 24, GDAŃSK

EVERYBODY IS WELCOME!

KRZYSZTOF LIBEREK

Krzysztof Liberek is the head of the Laboratory of Protein Biochemistry at the Intercollegiate Faculty of Biotechnology. He is a pioneer in the field of molecular research on protein chaperones.

He is a physicist from training, obtained his PhD in molecular biology and completed postdoctoral fellowships at the University of Utah, USA and at the University of Geneva, Switzerland. He is a member of the European Molecular Biology Organization (EMBO).

Krzysztof is a recipient of many research grants and awards including the 2023 FNP Prize in the field of life sciences for demonstrating the role of chaperone proteins in recovering proteins from aggregates and folding them into the active form.
